

Welcome Center

Thet Htet San

Submitted by Azalea Corral

We have selected Thet as our 2025-2026 Outstanding Student of the Year due to their contributions to the Welcome Center as a College Representative. Their contagious energy gets prospective students and their families excited during campus tours, and motivates their fellow student workers to also have a smile during their shifts. Thet is also the creative mastermind behind the Welcome Center's upgrades bulletin boards, leading the organization of the decorations and often drawing many of the elements by hand. She is an extremely hard worker, putting all of her focus into tasks that need to get done and always eager to ask "what's next?"
